

Wednesday, September 30th, 2009

Dear Parents/Guardians,

It is hard to believe that the first month of the school year has gone by already, and it has been quite a busy one here at Philemon. I congratulate all of our students on a great start to the school year.

I am writing this letter to address the issue of course changes to the students' timetables. The majority of the efforts on the part of the Student Support Team have been to make sure that all of our students are in the appropriate placements and have received courses that will allow them to be successful for the 2009-10 school year. Our Administrative Team and our Academic Advisors have been meeting with students and collaborating with teachers to ensure that we have met the specific needs of every student in our school. As of today, September 30th, 2009, all placement/course movement have ceased. I feel that at this point our students are in the right courses and should be adjusting well to their class schedules.

We are now prepared to move forward and help our students enjoy a successful and productive year at Philemon Wright. If you have specific concerns regarding your child's academic performance, please contact the appropriate Academic Advisors or the Administrator responsible for your child's grade level.

Thank you for your continued support.

Respectfully,

Terry Kharyati
Principal
